PASADENA 4, CALIFORNIA

"In the Center of Pasadena"

PINOCCHIO (Patent No. 484)

GOLDILOCKS (Patent No. 672)

Floribunda OR SWEETHEART ROSES

The beauty of this group of roses lies in the attractive display of bloom. Those of Red Sweetheart and Pasadena Tournament are borne singly on the stems and are therefore ideal for cutting. The flowers of the other varieties listed (true floribunda) are borne in clusters containing both open flowers and buds at the same time. No other group of roses will give as much bloom per plant as these little lovelies.

BRIGHT EYES

(Pat. Rights Reserved)

A lovely new floribunda rose producing a bright and gay display of bloom as the canary yellow buds open to good size double flowers. Light yellow to white petals deepen in color at the yellow center. Bush and foliage luxurious and healthy and literally covered with flowers.

Each \$1.50

CECILE BRUNNER

Tiny flowers. Buds pink shaded to salmon. Always in bloom. This rose, with our Pasadena Tournament and Red Sweetheart are three of a kind, very different from the usual large flowered roses.

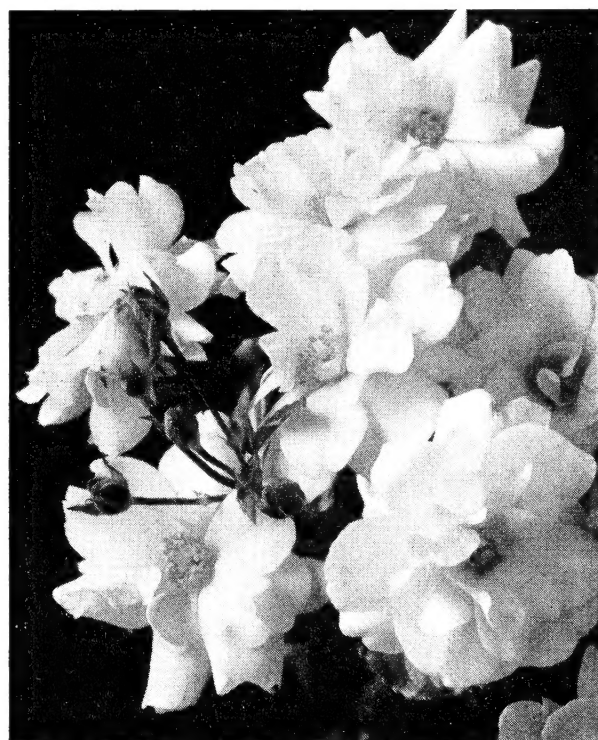

Each \$1.00

CHATTER

(Pat. Rights Reserved)

Velvety textured bright crimson flowers averaging three inches across cover the sturdy two-foot plants in great abundance. Add to this a delightful old rose fragrance and you will want this dwarf floribunda rose in your garden.

Each \$1.50

BRIGHT EYES—New Polyantha Rose

CHINA DOLL

Pat. 678

Very dwarf Polyanthus rose making a dense bushy growth and literally covered with dainty double light pink flowers. The clusters are large and the habit so neat that it is one of the finest roses for a low flowering hedge yet introduced.

Each \$2.00

FLORADORA

Pat. Pending

New, delightful, and brilliantly colored polyantha. Bright orange-red flowers. Supplies a needed color in this group of bedding roses.

Each \$1.25

GLORIOUS

(Pat. Rights Reserved)

Informal clusters of deep vermilion buds open to semi-double flowers of Tyrian rose. When in bloom Glorious is actually covered with masses of bloom. Colorful, extremely vigorous and well branched, it deserves a place in every rose garden.

Each \$1.50

GOLDILOCKS

Pat. 672

An unusual and welcome yellow floribunda. Fragrant double buds of boutonniere size produced in gratifying quantities. A low spreading bush seldom over 2 feet in height. This new yellow rose is welcome to round out the color scheme of a popular group of roses. Foliage is good, shiny and attractive.

Each \$1.50

FLORADORA (Patent Pending)

GLORIOUS (Patent Rights Reserved)

PINOCCHIO

Pat. 484

Floribunda. An ideal companion for those small roses you have like our Pasadena Tournament and Red Sweetheart and others. Plants are dwarf, around two feet tall—just the right size for mass planting or edging. Always in bloom with its pointed buds, salmon flushed gold in large clusters.

Each \$1.25

Floribunda TREE ROSES**BUDED ON SHORT STANDARDS**

These delightful small trees add a "different" touch to the rose garden. They have all the charm and beauty of the floribunda rose, are extremely free flowering and therefore very colorful accents or may be used as potted plants of great charm.

SMILES, FLORIBUNDA ROSE (Patent No. 331)

RED RIPPLES**Pat. Pending**

Small pointed buds of dark red are borne in large clusters. They are of the boutonniere type, each one of the cluster of perfect form. A steady blooming plant of tall upright growth and excellent foliage.

Each \$1.25**ROSE ELF**

Silvery pink gardenia-like flowers 2½ inches across and extremely double are produced in a delightful profusion all summer.

Each \$1.25**SMILES****Pat. 331**

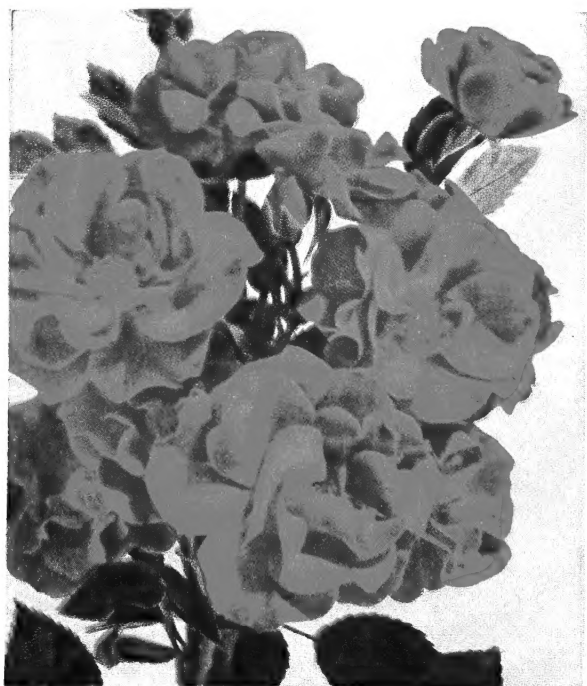

Gorgeous clusters of coral pink buds which spring into dainty semi-double flowers of lively salmon pink, beautifully shaped and about 3 inches across. Delicate fragrance of the long-lasting flowers is very pleasing. Dwarf plants 18 inches.

Each \$1.25**SNOWBANK****Pat. 279**

Large pure white flowers in generous clusters making a mass of white bloom suggestive of a snowbank. The foliage is a rich green, healthy in appearance and just right to set off the display of bloom.

Each \$1.25**SNOWBIRD**

Almost pure white. One of the prettiest little white roses. Buds fascinating—long, beautifully shaped opening to small high centered flowers. Very fragrant. Performs very well.

Each \$1.00

ROSE ELF

Three True Sweetheart Roses

LADY ANN KIDWELL

(Pat. Rights Reserved)

We are offering this new floribunda rose for the first time this year. It is another Sweetheart type similar to Pasadena Tournament and Red Sweetheart but distinct in the shape of bud and open flower. The delightful long buds with gracefully pointed petals of rich pink to almost red in cooler weather will take your attention. These open to star-shaped flowers 3 inches across. It is equally good for cutting and the cut flowers last several days in water. Growth upright to about 4 feet and the free flowering habit and fine healthy reddish tinted foliage densely covering the plant make this a fine addition to our list of floribunda roses.

Each \$2.00

PASADENA TOURNAMENT

Pat. 578

The name, "Pasadena Tournament", has a counterpart in the Tournament of Roses, the famous Football pageant annually held in Pasadena. From the small, dainty red buds come regular size velvety red flowers, literally bursting into a glorious pageant of rose beauty.

In the garden Pasadena Tournament makes a compact small to medium size bush. Well clothed in good rich green foliage. Since it is almost completely thornless, it can be used in masses close to walks without damage of torn clothing. Dainty in every way, it is best placed where it can be easily admired.

Each \$1.50

CL. CECILE BRUNNER

Miniature buds and perfect small flowers literally cover this popular climbing Polyantha. Everblooming. Fine, dense foliage.

Each \$1.00

LADY ANN KIDWELL

RED SWEETHEART

Pat. 577

Carmine red buds opening to rose red blooms. The flowers are slightly smaller than those of Pasadena Tournament when fully open. In many ways the lighter color of Red Sweetheart is appropriate for many occasions where less color display is desired. The buds make exquisite corsages, boutonniers. Small, daintier bouquets are delightful with Red Sweetheart.

In cooler weather the color is deeper and richer. Red Sweetheart in the garden will produce very well formed buds that are brighter than the popular florist's Sweetheart roses and the dainty, tiny buds, almost completely devoid of thorns are easily picked.

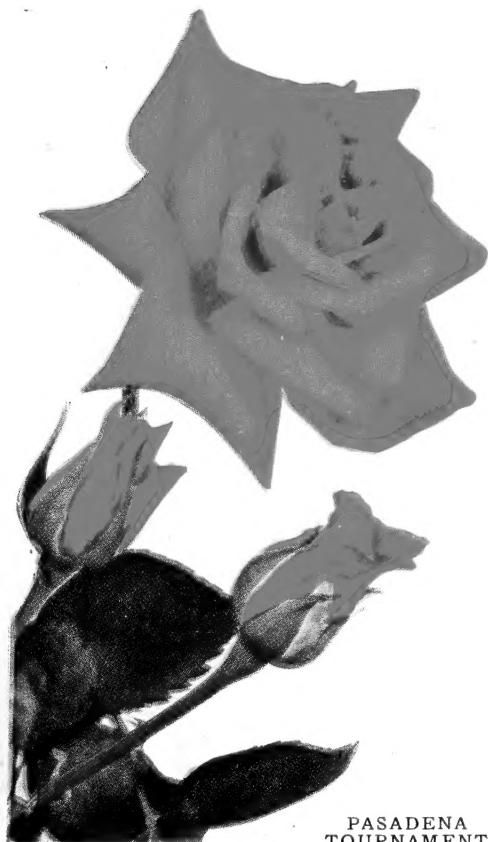

Bushes of Red Sweetheart seldom exceed 3 feet, more commonly 2-2½ feet in height, making a compact, neat bush. It can be planted in front of Pasadena Tournament for special effects.

Each \$1.25

CLIMBING PASADENA TOURNAMENT

(Pat. applied for.) NEW. We are pleased to offer the climbing form of our Pasadena Tournament rose. It is really a climber with the same practically thornless habit and dainty deep red "Sweetheart" type buds which open to marvelous velvety textured flowers of fine form, high centers and with the same excellent keeping qualities so admired in the bush type.

CHRISTOPHER STONE

One of the finest red roses. Brilliant crimson-scarlet becoming deeper as the flower ages. Does not "blue" or fade in heat. \$1.00 each.

CHARLOTTE ARMSTRONG (Patent No. 455)

SHIPPING CHARGES FOR ROSES

Please add 25c to your order for the first rose and 10c for each additional rose ordered. This charge is to cover cost of packing and shipping. If your order amounts to \$5.00 or over we will ship postpaid without additional charges.

AUTUMN

Handsome buds of burnt orange, open flowers heavily suffused with russet-brown and bronzy-red on a background of rich yellow, reminiscent of autumn foliage colors. \$1.00 each.

BRIGHT EYES

Floribunda. See page 2.

CALEDONIA

Beautifully shaped, long snowy white buds opening to pure white flowers. Deliciously fragrant. Very double and long lasting. Free flowering but best in the cooler weather. \$1.00 each.

CALIFORNIA

(Pat. 449.) One of the finest for southern California. In the full sunshine and rich soil of California this rose is aptly named. Enormous flowers of ruddy orange toned with saffron-yellow. \$1.50 each.

CECILE BRUNNER

Floribunda. See page 2.

CHARLOTTE ARMSTRONG

(Pat. 455.) This rose of recent introduction is receiving wider popularity generally upon merit alone. Flowers cerise and pink verging on red. A strong vigorous free-branching habit. Produces many flowers for cutting. \$1.50 each.

COLIN KELLY (Patent Applied For)

Patented and Popular

Non-patented Roses: Bush \$1.00, Climbing \$1.00, Tree \$4.50

We offer a 10% discount on the list price of all roses when order amounts to 12 or more (your selection) roses.

COLIN KELLY

(Pat. applied for.) Since our introduction of Colin Kelly we have had many good reports of the fine performance all over the country, particularly in the warmer areas where it outblossoms many other roses. Most of our customers are enthused with the color and freedom of bloom but are particularly taken with the fragrance. It is just a fragrance that you can't forget. Colin Kelly is a beautiful, lively pink changing to cerise red according to the weather and season. Its fragrance, so delightful, pleases everyone. Makes a good vigorous bush with excellent foliage and a free flowering habit. \$2.00 each.

CONDESSA DE SASTAGO

Unsurpassed in brilliance is this bi-colored rose of Spanish origin. Large, fairly double flowers are a glowing orange-scarlet on the inside of the petals and intense bright yellow on the underside. Sweetly fragrant. Very popular. \$1.00 each.

COUNTESS VANDAL

(Pat. 38.) Long pointed buds of coppery bronze suffused with soft gold open to large beautifully formed flowers with long pointed petals. No other rose is like it. Recognized as one of the finest roses of all. \$1.35 each.

COUNTESS VANDAL (Patent No. 38)

CRIMSON GLORY (Patent No. 105)

CRIMSON GLORY

(Pat. 105.) It may be the immense, well formed flowers or the lovely deep shade of velvety crimson that makes this rose so popular but all we can say is that it ranks among the top few good red roses. Fascinating fragrance. \$1.50 each.

DAINTY BESS

A dainty single rose, five delicate pink petals, surrounding a bunch of wine colored stamens. Last well when cut, continuously in bloom. \$1.00 each.

DAME EDITH HELEN

Still a very popular pure pink rose. Large, fully double flowers on long stems are deliciously fragrant and a clear rose pink, glowing yet soft. Excellent for cutting. \$1.00 each.

DEBONAIR

(Pat. 677.) A lovely new yellow rose with excellent quality in both the buds and half open flowers. Has a delightful old fashioned fragrance. Flowers high centered, double in a lovely primrose yellow becoming paler as the flower ages. Free-blooming, and sturdy with vigorous growth and abundant dark foliage. \$2.00 each.

The American Rose Society, Harrisburg, Pa., publishes some very helpful booklets on the care of roses. These are reprints from the American Rose Annual written by authorities on roses. Included in the list are:

"Blackspot Can Be Controlled", "The Common Leaf Rust of Cultivated Roses", "DDT Controls Rose Midge", and "Fungicides and Insecticides Used on Garden Roses". These may be obtained from the society at 15c each. Everyone interested in roses should be a member of the American Rose Society. Write the Secretary at Harrisburg, Pa., or we will gladly supply the necessary information.

FRED EDMUNDS (Patent No. 731)

DICKSON'S RED

(Pat. 376.) For warmth of color and richness of fragrance Dickson's Red has been a favorite in rose gardens all over. It is continuous in bloom, has excellent form, color and lasting qualities. Excellent grower. \$1.35 each.

DUQUESA DE PENARANDA

Orange-apricot with deeper coppery tones. Huge pointed buds, quite double, sweetly fragrant and long lasting when cut. A dependable garden rose. \$1.00 each.

ECLIPSE

(Pat. 172.) Exceptionally long pointed pale yellow buds often two inches long. Mildly fragrant but continuously in bloom. Open flowers with only a few petals. \$1.35 each.

E. G. HILL

An old timer, yet immensely popular mostly because it is one of the best red roses yet introduced. Never fades and the deep scarlet actually becomes deeper as the flower opens. \$1.00 each.

ETOILE DE HOLLANDE

Popular red rose with perfect buds of medium size opening to glorious flowers of brilliant red. Very fragrant and non-fading. Healthy free branching bush. \$1.00 each.

FLORADORA

Polyanthus. See page 3.

FRAU KARL DRUSCHKI

Large well-shaped ivory-white blooms and glossy foliage, has kept this variety in favor for many years. \$1.00 each.

FRED EDMUNDS

(Pat. 731.) Beautiful buds of burnt-orange open to lasting blooms of reddish apricot blended with rose, gold and salmon. A very vigorous free-blooming rose. \$1.50 each.

CARE AND TREATMENT OF ROSES ON ARRIVAL

Sometimes through unavoidable delays in shipping roses arrive in a "dried-out" condition. They are usually not dead and quickly respond to the following treatment: Bury the plants immediately roots, stems and all in a shallow trench; moisten the soil and allow to remain there for 4 or 5 days. By this time the wood will have regained its lost moisture and the plants may be set out without injury.

LOWELL THOMAS

(Pat. 595.) Very double high centered flowers of a lasting canary yellow. Large long-pointed buds. Vigorous compact bush of upright habit and leathery foliage. \$1.50 each.

LULU

Dainty long slender buds of coral-apricot cover the bush at all times. Low, bushy vigorous bloomer. Very fine, single, excellent for cutting. \$1.00 each.

MANDALAY

(Pat. applied for.) One of the largest yellow roses. The long pointed buds open slowly and without fading the rich coloring. Delightfully fragrant. A hardy, vigorous grower and constantly in bloom. \$1.50 each.

MARK SULLIVAN

Golden yellow heavily shaded and splashed with deep rose pink and cerise. The medium size flowers are a vivid and colorful display. Glossy green foliage. (Pat. applied for.) \$1.25.

McGREDY'S IVORY

Creamy ivory-white buds, becoming clear white as the flower opens. Occasionally flowers will assume a faint pink flush in cool weather. Delicate fragrance and perfect flowers. \$1.00 each.

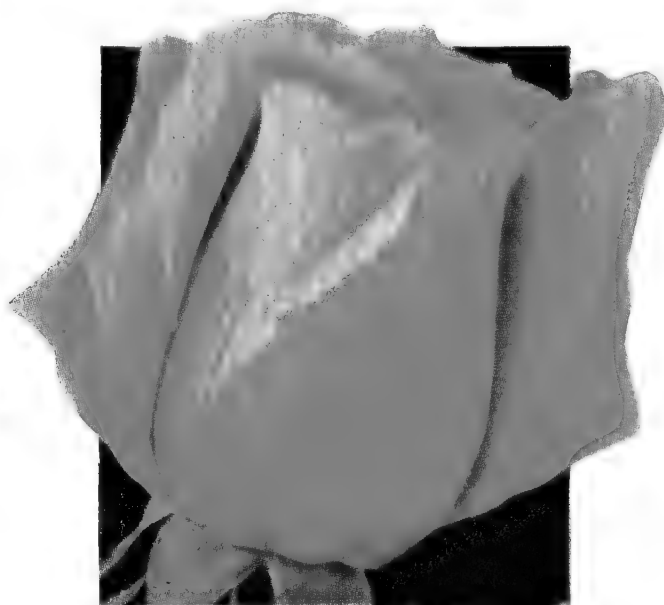

MME. CHIANG KAI-SHEK

(Pat. 664.) Buds large, long-pointed opening to long-lasting very large flowers of Empire yellow fading to lemon yellow as the flower matures. Excellent leathery, glossy dark green foliage. \$1.50 each.

Prices of all Roses in this catalog are for "Bare-Root" plants. Our Bare-Root season ends about April 1 and we can not accept orders for delivery by mail after this date.

Colorful FAIENCE, in Climbing Form Is Even More Colorful.
See SUNSET CLIMBER Below.

SUNSET CLIMBER**PROP. RIGHTS RESERVED**

For a glorious display in the colors of sunset we highly recommend this new climbing rose. Buds of perfect shape gradually open and with their incurved petals give the appearance of a cluster of roses, though only one is actually present. Color remains bright up until the flower drops. Reports of trials in the warmer areas give promise of excellent results. Has good habit of growth, nice glossy deep green foliage and is free blooming.

\$1.50 Each

Indica Azaleas

Indica Azaleas. We have specialized in this group of Azaleas. Our stock is of exceptional quality, bear large quantities of large showy flowers, 3 to 3½ inches across, some single, others double, in delicate colors. The foliage is glossy, lively green, lasting well throughout the year. Main period of bloom from Christmas until Easter.

Plant in peat with good drainage and be sure they get plenty of moisture. Planting holes should be made several times larger than the container and filled with soil made of at least half peat moss and half good garden soil. Use acid fertilizer only, avoiding any lime in water or fertilizer. Acidity can be kept up by applications of soil sulfur or alum.

6-inch pots, \$2.50 each.

Shipped Express Collect. From 6-in. Pots.
Packed Weight About 4 Pounds.

CAMELLIA, CHANDLERI ELEGANS

Marsh's Camellias

They are easy to grow in a shady, sheltered location; an acid soil with good drainage in which generous quantities of leaf mold or peat have been added. They require generous amounts of water during the growing season, but they should never become stagnant for lack of drainage. Withhold water and fertilizer during the dormant season when the flowers appear.

All Camellias Shipped Express Collect Except 2 1/4" Pots

CAMELLIA, COLONEL FIREY

Epiphyllums

ORCHID CACTUS

One of the finest flowering plants for semi-shaded or fully shaded places. They are particularly fine when placed in containers suitable for hanging on the trunks of trees or against walls, such as wire baskets.

Epiphyllums are a showy group of plants with leaf-like stems sometimes jointed but most always long and arching. Sometimes they droop in a pleasing way to display the large many-petaled flowers which last several days each. The colors are bright, mainly in the pinks, reds and yellows with white and orange well represented. Many of the red-flowered varieties show light but brilliant blue casts in them and are very attractive.

The culture of these plants is reasonably easy. They like a well drained soil and controlled moisture. For this reason they should be planted in flower pots and kept on the dry side. The soil, a mixture of 1 part sand, 2 parts leaf mold and 1 part garden loam, is porous and spongy, yet well drained and holding sufficient moisture for the plants. Top dress in early spring with manure and later on about a month after the blooming season using any good commercial fertilizer. Although the soil should be moderately moist at all times the drainage should be quick and thorough. Epiphyllums are not desert cacti.

Plants are offered as cuttings (rooted) which should be potted on arrival into 4-inch pots.

Ackermanni. Basket type. One of the earliest to bloom. Triangular stems gracefully drooping and densely arranged and showing quantities of medium size bright red flowers. 50c.

Adonis. Extra large flowers with broad clear pink petals and light stamens. Shows tint of rose at base. 75c.

Antwerpia. Large salmon pink flowers with slightly tubular center and outer reflexed petals showing a tan tint. 50c.

Bella. Full flowers with broad wavy petals of soft pink. Never fully open, rather cup shaped. 50c.

Camillo Schneider. Apricot orange with cerise eye. 50c.

Cattleya. Inner face of petals orchid, outer blood red. \$1.50.

Dr. Werderman. Lavender with bright red edges. \$1.00.

Easter Morn. Wide open giant white with crinkled petals. \$1.00.

Eden. An extra large pure white, full petaled and with the outer petals well recurved and yellow. 50c.

Fire God. Large deep burnt orange flowers. \$1.00.

F. Werner-Beul. Carmine with lavender edged white. Large. 75c.

Golden Emblem. Golden yellow with large lavender eye. \$1.50.

Inner Glow. Large flowers with pointed petals, each with a prominent ridge giving the effect of being creased in half. Carmine-red with a deeper base fading to deep rose. 75c.

Latona. Beautiful and stunning large flowers of rich deep rose with tints of cerise. The outer petals slightly recurving while the inner petals are somewhat cupped. 75c.

Magenta. Another large and showy variety. Flowers with waxy light pink petals spreading in a grand display. 75c.

Marseillaise. Flowers huge with deep red erect back petals and broad slightly cupped inner petals, each with a deep red-violet center stripe shading to lavender and white at the edges. 50c.

Mon Cherie. Beautiful flowers of satiny texture and the most unusual color combination. The base color is rich yellow with margins and penciling of carmine on every petal. \$1.00.

Montezuma. Large, full petaled flowers giving a cup and saucer effect. Tannish copper with tints of light violet. 75c.

Orchid Supreme. Light orchid. \$1.00.

Paradise. Orchid petals shaded red at edges. \$2.00.

EPIPHYLLUM, SUNBURST

Paula Knebel. Beautiful 7-inch flowers—the outer petals carmine in the center, magenta at edges with the more showy inner petals striped with orchid in the center and white at the edges. Very choice and unusual in coloring. 75c.

DELPHINIUM, PACIFIC HYBRIDS

DELPHINIUMS

Delphinium Pacific Hybrids. This glorious garden plant lends its tall stately flower spikes to grace any garden. Since the introduction a few years ago of this strain of Delphinium it has become the standard of perfection among garden Delphiniums. The individual florets are quite large, many times they are 2 inches or better across in well fertilized plants and come in several distinct shades. We offer mixed colors only which may include light and dark shades of blue, pink, lavender, to purple and white. 50c each. Young plants (best for shipping), 6 for \$1.00, postpaid.

AGAPANTHUS UMBELLATUS

POINSETTIA GERANIUM

POINSETTIA GERANIUMS

Red Poinsettia Geranium. A novelty that is really different. Although the individual flowers are small they make quite a show in the cluster when the plants are fully in bloom. Individual petals long and narrow, suggesting a Poinsettia, and the same bright red color. 50c each.

EPIDENDRUM O'BRIENIANUM

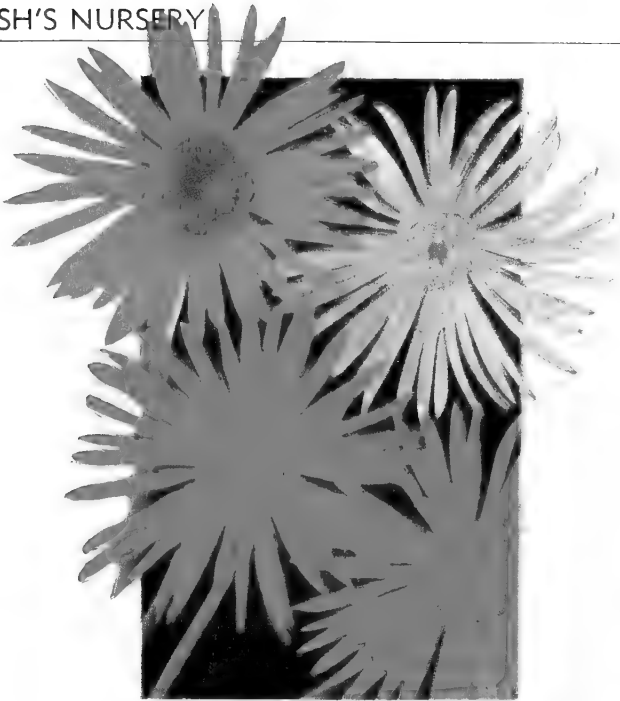

The easiest of all orchids for anybody to grow. They make large clumps in good soil and most of the summer are covered with clusters of bright red flowers. Flowers are long lasting and the straight stems can easily be cut. May be grown indoors in pots where the climate is colder. 2 plants for \$1.00, postpaid. Can ship at any time.

HOYA CARNOSA – WAX PLANT

Twining vine useful as a potted plant which can be trained on a small trellis. Waxy succulent leaves two inches long, pointed and an inch wide. Showy in bloom with the unusual delicate pink flowers in large round clusters. In demand as a house plant in cold climates or outdoors in shade where hardy. Small plants for mailing. 2 for \$1.00, postpaid.

BLUE LILY OF THE NILE

Agapanthus umbellatus. On stout, yet graceful stalks this plant bears large umbels of lovely blue lily-like flowers in great profusion during the summer months. The leaves are long and narrow in nice clumps. Agapanthus is delightful when planted in colonies of several bulbs in partially shaded places where the blue flowers show up well against a dark green background, and is most effective if partial sunlight strikes the flowers. Shade is not necessary, it just prolongs the flowering season. Bulbs for shipping, 3 for \$1.50, postpaid. Available all year.

SINGLE GERBERAS

SHASTA DAISIES

Shasta Daisy Esther Reed. The best of the Shasta Daisies. Fully double with an anemone or pompon center of small petals. White. Plant in full sun. Makes an excellent cut flower. 4 for \$1.00, postpaid.

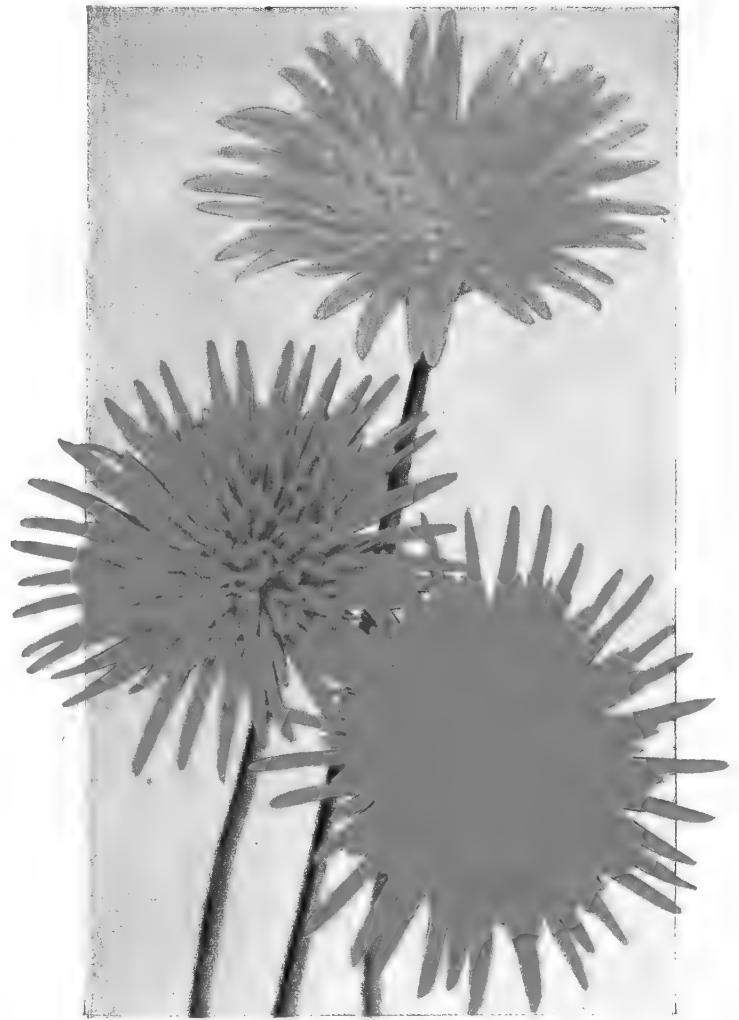

Marconi. Large pure white, fluffy flowers. Fully double but showing a contrasting, small yellow center when fully open. A delightful variation in the flower garden. Excellent for cutting. 4 for \$1.00, postpaid.

Mt. Shasta. An improved Esther Reed. Larger flowers on long stems for cutting. The outer petals are remarkably uniform in length. Crest in center as in the Esther Reed. 4 for \$1.00, postpaid.

Shasta Daisies can be shipped from Jan. to June.

SHASTA DAISY, ESTHER REED

DOUBLE GERBERAS

GERBERAS

Gerbera Jamesoni Hybrids, Transvaal Daisies. This is one of the finest perennials for the garden and cutting. Forms low tufts of foliage from which rise slender graceful stems bearing beautiful daisy-like flowers in a wide range of color. They are long-lasting and brilliant although many are pastel colors that combine well with living room furnishings when made into bouquets. In California they bloom over a long period but in colder climates give a light mulch during winter and enjoy their exquisite blooms in summer.

Single Gerberas. Choice strain including many of the best colors. When planting the crown of the plant should be high enough that it won't stand in water. This is especially true for our eastern customers. Root divisions 25c each; \$2.50 per dozen.

Double Gerberas. The center of the flower is completely double. We offer five color selections that seem to be the best available. **Red, Orange, Yellow and Pink.** Root divisions 50c each; 2 for \$1.00. Postpaid.

GERBERA SEED

Gerberas can be grown from seed but this must be sown in boxes or flats of light soil and the seedlings transplanted when large enough to handle. Sow June, July and August only. Pkt. 25c; 100 seeds 75c.

PELARGONIUMS

MARTHA WASHINGTON GERANIUMS

Always a favorite pot plant in cold climates and among the choicer plants in warm climates. From the many types available we have selected the best and can supply them in almost any color.

Unless otherwise noted plants from 2¼" pots, 50c each; 6 for \$2.75; 12 for \$5.25, Postpaid. See page 22 for listing of the Novelty Poinsettia Geranium.

Ali Baba. A very fine ruffled white with large flowers on long individual stems making the head appear larger than it is. A very choice variety. Deep red markings and veins on upper two petals; lower three sometimes marked, often not. Each 75c.

Anita. Early free-blooming variety. Petals white, margined with bright rose; upper petals dark crimson. A very lovely color combination.

Ballerina. Large umbels of beautifully ruffled flowers in a delightful shade of apricot pink. Free flowering. 75c.

Beverly Hills. Large flowering type. Amaranth pink or orchid with large deep purple blotches on the two upper petals. Early flowering and very beautiful.

Carmen Queen (Karmen Konigen). Cerise or carmine red with dark red blotches on the upper petals. Flowers large and slightly ruffled. Dwarf compact habit and splendid foliage.

Conchita. Glowing phlox purple with deeper purple markings and splashes. The upper petals deep maroon with a margin of color like that of the lower petals. Flowers of good size. Each 75c.

Congo. New dark shaded and wavy petaled variety. Each petal shows a deep velvety maroon blotch shading to rose violet with narrow lilac trim. Heavily veined black. Each 75c.

Delight. Free flowering. One of the best for pot culture. White or pale blush with black blotch on each petal surrounded by rose red. Each 75c.

Dream. Light rose to white with two large blotches on the ruffled flowers.

Don Juan. Bright red with black veins. Plants grow tall and delight in full sun. Each 75c.

Duchess of Kent. Finest white variety. Tall and with very large flowers. Wavy white petals with upper slightly feathered at base and showing small pale purple mark. Each 75c.

Easter Greeting. Very early flowering with an extremely long flowering season. Bright red with a large black blotch on each petal.

Firefly. This little gem more than makes up for its small flowers in their rich, intense red. Prolific and showy. Leaves sharply cut and tinted red.

Gardener's Joy. Early Ruffled flowers light salmon pink with dark blotches on upper petals.

Gay Nineties. Large round ruffled flowers of glistening white; upper petals with glowing blotch of raspberry rose; lower with 2 to 3 deep rosy stripes from elongated center spot. Each 75c.

Glendale. One of the best. Medium rose with red blotches in center of all petals. Large flowers in huge clusters. Early and strong growing.

Grandma Fisher. Rich clear salmon with dark blotches. Large ruffled flowers. Vigorous upright growth.

Harlem Lady. Early. Rose purple with large white center and dark blotches. Petals recurved.

Heartbeat. Fluffy ruffled flowers of sparkling rose red with contrasting penciled white edge. Low and bushy. Each 75c.

Jessie Jarrett. Difficult to describe. The effect is a glowing dark red with a different edge. Large flowers.

Jo-Ann. Dainty rounded pink florets with the two upper petals gaily spotted with deep rose and maroon; lower petals with center spots of same color and feathered with lighter tones. A very colorful variety. Each 75c.

GLENDAL (Top), SALMON SPRINGTIME (Center Left), CARMEN QUEEN (Right Center), MAJESTA (Bottom Left), JESSIE JARRETT (Bottom Right).

Joan Fontaine. Like Jesse Jarrett but deeper in color. Flowers very large and early. Neat habit of growth.

John Wintermute. This one we had to hide to keep our stock plants from being sold. It is without question one of the most beautiful pelargoniums on the list. Large ruffled flowers of vivid raspberry overlaid with maroon and a beautiful narrow edging of light pink. Each \$1.00.

Joyce. Deep velvety maroon with ruffled edge, medium white throat. Upper petals slightly darker than the lower.

Leading Lady. Very large florets in large clusters. Upper petals with deep velvety black blotch streaking to strawberry pink at edge; lower apple blossom pink, lighter at the center. Each 75c.

Little Rascal. Early blooming and profuse even in small pots. Pansy type with upper petals maroon black at base, veined and washed with rosy-lilac toward the border; lower petals palest lilac. Each 75c.

Majesta. One of the finest Pelargoniums we have. The extremely large flowers are a lovely shade of lavender, lighter toward the center, with deeper veining on the upper petals.

Marie Rober. Purple magenta to black. One of the finest dark colored Pelargoniums. Large ruffled flowers.

Marie Vogel. Red faintly flushed with salmon and shading to salmon. Dark blotches on upper petals. Wavy petals. Early and very large flowers.

Mrs. Mary Bard. Snow white with slight markings of deep purple in center of flower. Makes a very fine pot plant.

Neuheit C. Faiss. Heliotrope violet with deep velvety purple blotches on each petal. Free flowering.

Orange Prince. Vivid salmon, almost orange in color, rich and clear. Upper petals with bright deep spots veined toward the center; lower petals with a few narrow veins. Petals delightfully but slightly ruffled. Each 75c.

Peggy Craddock. Light silvery pink with a center of pale strawberry color. Upper petals with dainty rose-red blotches and a few veins of the same color running toward the center. This is a gay color combination but very lovely.

Rhapsody. Very popular with wavy petals. Upper petals velvety crimson; lower salmon with crimson overlay. Each 75c.

Salmon Splendor. Huge florets of salmon with velvety brown blotch on each petal. Free flowering and with beautiful large flower clusters. Each 75c.

Salmon Springtime. Striking color—a beautiful salmon rose-pink. Early flowering. Excellent. Sold out until March, 1947.

Santa Monica. Light rose pink with carmine blotches on the two upper petals, surrounded by rose pink. Very large and early flowering.

Spring Song. Free flowering, wavy petaled variety in delicate pink. Upper petals veined deep crimson from a medium size velvety red blotch; lower petals with deep crimson veins. Each 75c.

Stardust. Flowers pale silvery lilac; very large and attractive. Bushy habit of growth. Each 75c.

Sue Jarrett. Salmon pink with unusually large markings of velvety maroon on upper petals. Lighter at base to dark around the center spot. Early; free flowering.

SUNSET MAGAZINE (Top), NEUHEIT C. FAISS (Left), SANTA MONICA (Center), HAARLEM LADY (Right), MRS. MARY BARD (Bottom).

DREAM (Top), MARIE VOGEL (Left Center), SUE JARRETT (Right Center), FIREFLY (Bottom Left), BEVERLY HILLS (Bottom Right).

Sunset Magazine. A very fine variety similar to Sue Jarrett. Upper petals the same but lower are salmon-pink with lighter center. Very large flowers.

T. A. Topper. Round flowers of good size in a light pink with tints of more vivid pink. Markings on center rib of all petals deep maroon blending out to a deep pink feathering. Each 75c.

BRILLIANT CANNAS

CANNAS

These bright plants with their large "tropical" foliage and showy, neat looking flowers are often neglected in modern gardens. There is little reason for this since the newer varieties are real plants of merit. They require little attention after planting preferring a good soil and full sun. In cold climates the roots should be stored as for Gladiolus and Dahlias and planted again the following spring after danger of frost is passed. 4 for \$1.00, postpaid.

City of Portland. Deep pink with peach markings.

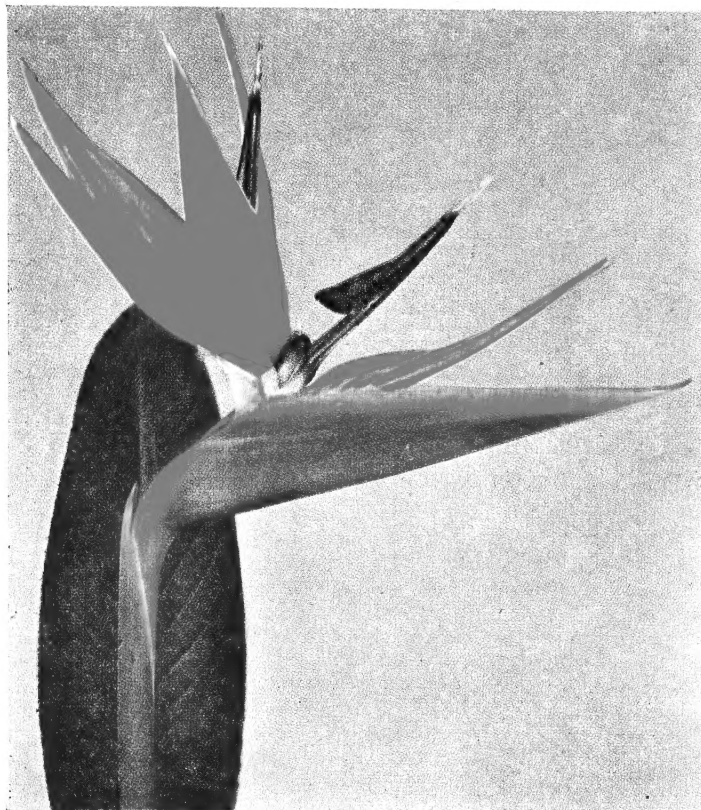

Florence Vaughn. Yellow with red throat.

Hungaria. Pink.

Indiana. Orange.

The President. Red.

Winter's Colossal. Scarlet.

FIMBRIATA or CARNATION TYPE
TUBEROUS ROOTED BEGONIA

PYRACANTHA DUVALI

PYRACANTHA

Christmas season our eyes center on all red berries. Every kind on the market is being advertised and shown. Out of these, we prefer *Pyracantha Duvali*.

We have grown this variety and shown it here in Pasadena for the past ten years. We do not claim this to be the darkest berry, but it is the best **RED** berry and never fails to catch the eye. It is the biggest clustering berry—it has resisted all diseases.

It is not a berry birds will not eat. However, we have yet to find one that will not attract birds. But there is a distinction among berries. *Pyracantha Duvali*, although red, is not ripe until after Christmas. Being sour, the birds will not touch the berries until after Christmas, when they are ripened.

Beautiful plants in gallon cans—loaded with berries—at \$1.50; 5-gal., \$4.50. From 2¼" pots, not berried—for shipping and growing only—75c, postpaid.

For delivery of well berried plants for the Christmas season be sure to place your order well before December 1. Shipping weight: gal. 12 lbs. Although we will use every effort to pack "berried" plants for safe shipment, we cannot guarantee safe arrival at destination.

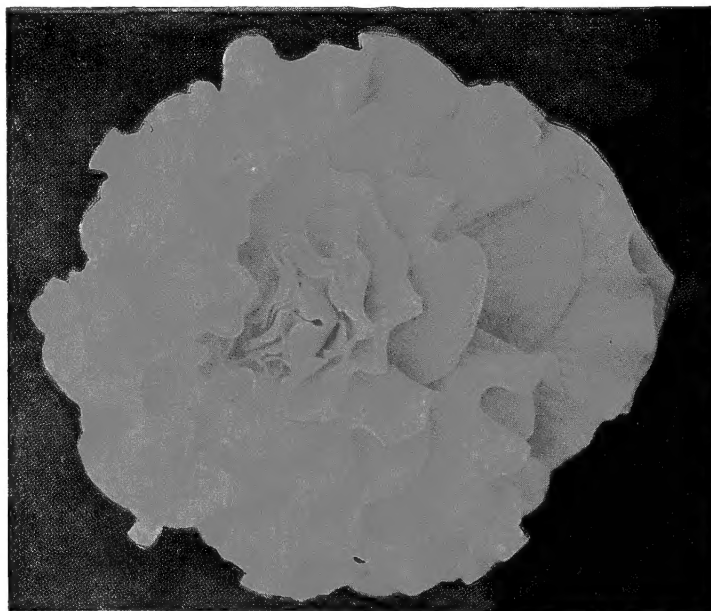

TUBEROUS BEGONIAS

Tuberous Begonias. Very popular plants for shady gardens with large decorative leaves and showy waxy flowers. Start bulbs in sandy peat or leaf mold and transplant to soil made up with generous amounts of leaf mold or peat.

Camellia-flowered. This strain is the best obtainable, producing immense, fully double flowers with rich coloring. In the following colors: Red, pink, white, yellow, orange, salmon, rose.

Carnation-flowered. Fully double with petals fringed like a carnation. Very lovely and a welcome variation in begonia plantings. In the following colors: Red, pink, white, yellow, orange, salmon, rose.

All tuberous begonia bulbs 2-2½" diam., 50c each, \$5.00 per doz.; 1½-2", 35c each, \$3.50 per doz.; 1¼-1½", \$2.00 per doz. All postpaid.
